

Supplier's Declaration of Conformity (SDoC)

Product Family: WiFi Interface Development & Evaluation Series **Product Type:** Sub-assembly / Development Component (Not a finished product)

Models Covered:

- **UART-WiFi-001** (UART-to-WiFi Evaluation Board)
- **SPI-WiFi-002** (SPI-to-WiFi Evaluation Board)
- **CAN-WiFi-003** (CAN-to-WiFi Evaluation Board)
- **RS485-WiFi-004** (RS485-to-WiFi Evaluation Board)

Manufacturer/Responsible Party: WNetTech

Address: 11 Charlemont Crescent, Scarborough, ON M1T 1M3, Canada

Email: kevinzhang61@hotmail.com

1. Compliance Statements & Responsibility Boundary :

- **Engineering Evaluation Only:** This equipment is a **sub-assembly** intended solely for use for **engineering development, demonstration, or evaluation purposes**.
- **USA:** As a standalone development tool, this equipment is designed to meet the technical intent of **FCC Part 15 Subpart B**.
- **Canada:** This development kit is designed for professional evaluation and follows the technical guidelines of **ISED Canada ICES-003 Issue 7**.
- **Mandatory Requirement for Final Integrators:** * This board is **NOT** a certified finished consumer product.
 - The manufacturer (WNetTech) provides this board as a component for secondary development.
 - While the onboard Wi-Fi module is FCC certified, any final product incorporating this board **must undergo its own regulatory testing and certification** (e.g., FCC Part 15B / ICES-003) before being marketed as a finished device.

2. Operation Conditions: Operation is subject to the following two conditions:

- This device may not cause harmful interference, and.
- This device must accept any interference received, including interference that may cause undesired operation.

3. Technical Information:

- **RF Module:** Contains ESP32-C3-MINI-1-N4 module with **FCC ID: 2AC7Z-ESP32C3MINI1**.

- **Basis:** Modular Approval; the host design does not modify the RF circuitry or antenna of the certified module.

4. Testing Records:

- **Status:** Evaluation Kit – Pre-certified Module Integrated.
- **EMC Standards:** Designed to meet FCC Part 15B Class B & ICES-003 Issue 7 Class B intent.
- **Test Report No.:** N/A (Sub-assembly for development use only)
- **Test Laboratory:** Self-declared based on Modular Integration
